

Master of Science in Sports Management

The Master of Science in Sports Management provides students with an improved understanding of sports administration, coaching theory and strategy, and business skills such as marketing, promotion, public relations, and finance. In the sports and fitness fields, students with advanced business skills and sports-related knowledge are needed to help advance the success of athletic programs and individuals. This program has achieved specialized accreditation through the Commission on Sport Management Accreditation (COSMA).

Degree Program Objectives

In addition to the institutional and degree level learning objectives, graduates of this program are expected to achieve these learning outcomes:

- Apply management theory to contemporary sports industry practices.
- Analyze the impact of legal and ethical issues in the sporting enterprise.
- Evaluate qualitative and quantitative data to assess financial challenges/opportunities in the sport industry.
- Develop marketing strategies to enhance the viability of sports-related enterprises.
- Examine structural barriers to equity in the sport industry.

¹ Required as the first course in this program.

Students must choose a concentration for this degree program and may select from the Concentration in Coaching Theory and Strategy, Concentration in Interscholastic Athletic Administration, or Concentration in Sports Business Leadership.

Concentration in Coaching Theory and Strategy (9 semester hours)

Explores the strengths, weaknesses, and multiple roles of a successful coach in contemporary sports, including an analysis of the leadership style. Focuses on the contrasting responsibilities of a coach and assistant coaches and the levels of coaching relevant to these roles, as well as current ethical, management, and controversial issues in the field.

Objectives

Upon successful completion of this concentration, the student will be able to:

- Analyze and discuss the complexities and issues of academic sports administration from a collegiate or interscholastic context.
- Assess the strengths, qualities and weaknesses of a successful coach, including an analysis of the leadership style and multiple roles required of coaches in contemporary sports.
- Select, predict, and evaluate current ethical, management, and controversial issues in coaching today.
- Compare and contrast the roles and responsibilities of a coach and assistant coaches and discuss the levels of coaching relevant to these roles.

Concentration Requirements (9 semester hours)
